BOROSIL[®]

Storage

Your home-cooked food deserves better than plastic. Our borosilicate storage containers are perfect for everything from leftover sabzis to dry snacks for your kid. Freeze chutneys in the same container they'll be reheated in. Store saag or kheer in the fridge without worrying about odours lingering in or chemical leaching. And when it's time to reheat, just place them in the microwave—no need to transfer, no risk of cracking. This is storage every Indian home needs.

VISION JARS

There is no jar like a Borosil jar. Our Endura Jars ensure that not even the slightest moisture enters, so you never have to bite into another stale wafer or biscuit again. Freezer and flame proof Vision jars are perfect for freezing chutneys and purees —just hold them on a flame for quick thawing, and their bright stackable lids brighten up your day! And of course, you can use them like any other jar to store all your pulses and grains - the glass ensures your food stays healthy, fresh and safe.

STORE

Store dry fruits, wafers and crispy snacks that get soggy in humid conditions in the vacuum jars, as they keep all traces of moisture out.

FREEZE

Freeze chutneys and purées in these freezer-proof jars, and hold them directly over the flame (yes, they are flame-proof too!) to quickly thaw the contents.

HEAT

These 100% borosilicate jars can be put straight into the microwave or oven to freshen up those dry fruits or wafers.

Whether it's dahi for your paratha, leftover sambhar, or your kids' chutney sandwich filling, these containers are 100% leakproof, flame-safe, and meal-prep ready. From fridge to flame to table, they handle it all.
